Michael J. Folkerts  
Aviation Accident Investigator  
Central Region  
[REDACTED]

Re: NTSB Accident Number CEN15LA360

Dear Mr. Folkerts:

This correspondence is in response to your letter dated March 2, 2016 in which you indicate that you are investigator for the NTSB, charged with investigating a fatal airplane accident involving Mr. David Tokoph who passed away on August 18, 2015. Specifically, you ask whether certain drugs were administered during Mr. Tokoph's stay at University Medical Center. Pursuant to 45 CFR § 164.512(b)(1)(i), I am authorized to release this information since it pertains to an investigation by the NTSB.

The Nurse and Pharmacy after chart review did not find diphenhydramine administered at the hospital. Lidocaine and Lorazepam were administered while the patient was in our care.

Sincerely,  
[REDACTED]

Judy Johnson, RHIA  
Custodian of Records  
University Medical Center of El Paso
